Management Statement

The Company is led by a dynamic management team. Al-Abyadh has been strategically positioned to achieve a sustainable competitive advantage in pursuit of its vision — enabled by the proper deployment of good corporate governance and risk management practices.

Al-Abyadh management commits its best efforts to achieve the following targets:

- ✓ To conduct our business aiming for the highest ethical standards possible
- ✓ To ensure the well-being of the surrounding community
- ✓ To ensure a work climate that embraces diversity
- ✓ To offer our personnel continued career development and self-enhancement
- ✓ To provide a safe, healthy and enabling work environment
- ✓ To provide our customers with the benefits of a safe and environmentally friendly atmosphere

“Al-Abyadh has been strategically positioned to achieve a sustainable competitive advantage to achieve its vision.”

AL-ABYADH OIL SERVICES — MANAGEMENT

Company Overview

Al-Abyadh is an indigenous service provider to the oil and gas industry in Iraq. It was incorporated as a limited liability company in 2017 to carry on the business of Engineering (EPC), Civil Construction, Pipeline Services, Procurement and Marine Logistics. The company is also involved in the marketing, supply and trading of crude oil and petroleum products, both offshore and onshore.

Established in Baghdad, Al-Abyadh specialises in constructing and rehabilitating oil and gas facilities. Our expertise includes EPCC projects involving trunk pipelines, stations, treatment plants, tank farms and power infrastructure. We collaborate with international design organisations and maintain rigorous quality control certified by Bureau Veritas; our compliance with ISO standards ensures adherence to global norms.

Our services encompass design, engineering, project management, procurement, logistics, construction and commissioning – delivered with advanced technology and materials from renowned global producers. Trust Al-Abyadh for quality, efficiency and cutting-edge solutions in the oil and gas industry.

SIX DIVISIONS

One integrated contractor – every capability a field development needs, under one roof, from front-end engineering to product trading.

- // Engineering & EPC – tanks, vessels, piping, steel structures
- // Procurement & supply chain from our Baghdad head office
- // Pipeline construction – trunk lines, gathering systems, stations
- // Onshore plant construction – refineries & gas treatment
- // Electrical & power – substations, OHTL, grid connections
- // Marine logistics and crude & product trading
- // Certified: ISO 9001 · 14001 · 45001 · 31000
- // Quality control certified by Bureau Veritas

Mission, Values & People

OUR MISSION

- ◆ To create value for our partners through excellence and innovation
- ◆ To be responsible partners with the communities where we operate
- ◆ Respect to safety and environmental impact of all our operations and services
- ◆ To run the company on a sustainable financial basis of profitable growth
- ◆ To recruit, retain and reward a high-performance workforce

OUR PEOPLE

Al-Abyadh is made up of a dynamic workforce with outstanding talent and seasoned professionals in the oil and gas industries, whose knowledge and passion for excellence are backed by cutting-edge technology. A hardworking, dynamic workforce managed by a highly competent management team with deep experience in the petroleum sector.

OUR STRENGTH

Quality, integrity, excellence and innovative skills are what we like to refer to as our strength – supported by a qualified system for assessing key skills, and significant investment in specialised training and development programmes.

QUALITY

Rigorous quality control on every scope, certified by Bureau Veritas and ISO 9001.

INTEGRITY

The highest ethical standards possible, in every dealing with clients, partners and people.

EXCELLENCE

Seasoned professionals delivering to international standards, project after project.

INNOVATION

Advanced technology and materials from renowned global producers.

SAFETY

A safe, healthy and enabling work environment – for our people and our communities.

SUSTAINABILITY

Profitable growth on a sustainable financial basis, with good governance and risk management.

History & Milestones

- 2017**  **Incorporated in Baghdad — First EPCC Contract**
 Alabyadh is established to serve Iraq's oil & gas industry and delivers its first contract the same year: EPCC of electrical connection works — power supply, cabling, panels and energisation from a central substation to individual well sites (\$2.3M).
- 2019**  **Sewage & Rainwater Networks — Al-Harithiya**
 Construction of underground sewage and stormwater drainage infrastructure in Al-Harithiya District, Basra, for Contractors Integrated Co. (\$8.1M).
- 2020**  **Gathering Trunklines for LUKOIL — West Qurna 2**
 EPC of oil gathering trunklines for LUKOIL Mid-East Limited in the West Qurna (Phase 2) contract area (\$14.5M), alongside roads development and rehabilitation in Al-Harithiya District (\$9.4M).
- 2021**  **EPIC for PETRONAS Carigali — Garraf**
 Well tie-ins and associated construction services (Phase IV) for PETRONAS Carigali Iraq Holding B.V. in the Garraf oil field — brownfield EPIC within live production facilities (\$13.0M).
- 2022**  **Largest Contract: Badra Tank Flare Header (\$19.7M)**
 EPCC of the new tank flare header (Phase-I) at Badra CPF for Gazprom Neft Badra B.V. — delivered in parallel with the GPP interconnection trunklines at Halfaya (\$6.7M, Noor Baghdad), the CPF1 oil treatment system upgrade (\$6.2M, Daqing PAB) and a well pads construction package (\$4.0M).
- 2023**  **Buzurgan Pipeline EPCC & Al-Salam District**
 Award of the turnkey EPCC for the 57 km, 18" Buzurgan gas trunkline (\$9.2M, EMAAR Durrat Al-Khalij) and completion of the Al-Salam District development with the Al-Wahda ring road in Wasit (\$6.0M).
- 2024**  **Skid-Mounted Vessels for EBS Petroleum**
 EPCC supply of skid-mounted process vessel equipment for PTF mobilization and upgrading — manufacturing, FAT/SAT and commissioning support (\$4.3M).
- 2025**  **Zhongman Babylon Well Pad Programmes**
 Ongoing well pads and access roads packages for Zhongman Babylon Oil & Gas DMCC — Middle Furat Phase I (Kifl, West Kifl & Merjan) and East Baghdad Phase II (North Extensions).
- Today**  **\$105M+ Executed Across Iraq's Energy Heartland**
 Fourteen major contracts for international operators and partners — LUKOIL, PETRONAS, Gazprom Neft, EBS, Daqing and Zhongman Babylon — backed by a 260-strong workforce and 180+ owned machines.

Services & Divisions

01

ENGINEERING & EPC

Full-spectrum EPC solutions for energy infrastructure — from our beginnings as a manufacturer and erector of steel structures and storage tanks.

- ◆ Storage tanks & vessels — design to construction
- ◆ Process plant piping systems & pipelines
- ◆ Plant philosophy & pipe stress analysis
- ◆ Sphere construction; heavy steel structures
- ◆ EPC handling of bulk & processing plants

02

PROCUREMENT & SUPPLY CHAIN

End-to-end procurement led from our Baghdad head office by a dedicated Procurement Manager, to project and client requirements.

- ◆ Supplier selection, tenders & bid evaluation
- ◆ Technical submittals & purchase orders
- ◆ Expediting & third-party inspection
- ◆ Customs clearance & inland transportation
- ◆ Warehousing & site material allocation

03

PIPELINE CONSTRUCTION

Onshore transmission and distribution systems in the oil & gas sector — project management, design, procurement and construction.

- ◆ Gas and oil pipelines
- ◆ Gathering systems
- ◆ Pumping & compressor stations
- ◆ Measurement & reduction stations
- ◆ HDD crossings & pipeline tie-ins

04

ONSHORE PLANT CONSTRUCTION

Project management and construction services in the oil & gas sector — inter-disciplinary management of complex projects in an international field.

- ◆ Chemical plants & refineries
- ◆ Gas treatment facilities
- ◆ Storage tank farms & terminals
- ◆ Plant maintenance & turnarounds

Services & Divisions

05

ELECTRICAL & POWER

Project management and construction services in the power sector – from generation units to grid connections and full commissioning.

- ◆ Diesel power unit construction
- ◆ Mobile and fixed substations
- ◆ OHTL erection and construction
- ◆ Operation & maintenance

06

MARINE LOGISTICS & TRADING

Marine logistics plus the marketing, supply and trading of crude oil and petroleum products – offshore and onshore.

- ◆ Marine logistics support
- ◆ Crude oil & petroleum product trading
- ◆ General transportation & heavy vehicle fleet
- ◆ Export, import & customs clearance

180+

OWNED
EQUIPMENT
UNITS

Al-Abyadh executes with its own equipment and crews – pipeline-grade plant ready to mobilise, with no dependency on rentals and no compromise on programme. Operated by 65 management & staff, 45 supervisors and a 150-strong skilled workforce.

PROJECT PORTFOLIO

Fourteen major contracts for LUKOIL, PETRONAS, Gazprom Neft, EBS, Daqing and more – since 2017

PROJECT	CLIENT	LOCATION	YEAR	TYPE	VALUE (USD)	STATUS
Well Pads & Access Roads – East Baghdad Phase II	Zhongman Babylon Oil & Gas DMCC	East Baghdad (North Ext.)	2026	Civil	\$850,000	ONGOING
Well Pads & Access Roads – Middle Furat Phase I	Zhongman Babylon Oil & Gas DMCC	Kifl, West Kifl & Merjan	2025	Constr.	\$679,294	ONGOING
EPCC of Buzurgan Pipeline Project – 57 km 18" Gas Trunkline	EMAAR Durrat Al-Khalij (Raban Al-Safina)	Buzurgan–Halfaya, Maysan	2023	EPCC	\$9,248,700	ONGOING
Skid-Mounted Vessel Equipment for PTF Mobilization & Upgrading	EBS Petroleum Company Limited	EBS Oil Field	2024	EPCC	\$4,306,886	DONE
Al-Salam District Development – Phases III & IV, Al-Wahda Ring Road	ARDH AL-HUDA Ltd.	Al-Hay, Wasit	2023	Civil	\$5,954,000	DONE
EPCC of Pipelines Construction Works for GPP Project (≈54 km)	Noor Baghdad Gen. Contracting	Halfaya Oilfield, Maysan	2022	EPCC	\$6,662,130	DONE
EPCC of New Tank Flare Header (Phase-I) at Badra CPF	Gazprom Neft Badra B.V.	Badra Oil Field, Wasit	2022	EPCC	\$19,700,000	DONE
CPF1 Oil Treatment System Upgrading Project	Daqing Petroleum Admin. Bureau	Halfaya Oilfield, Maysan	2022	EPCC	\$6,238,000	DONE
Well Pads Construction for New Production Wells	Future Will Gen. Contracting	Iraq	2022	Civil	\$3,980,000	DONE
Well Tie-Ins & Other Construction Services – Phase IV (EPCIC)	PETRONAS Carigali Iraq Holding B.V.	Garraf, Dhi Qar	2021	EPCIC	\$13,013,000	DONE
Gathering Trunklines – West Qurna (Phase 2) Contract Area	LUKOIL Mid-East Limited	West Qurna 2, Basra	2020	EPC	\$14,540,000	DONE
Roads Development & Rehabilitation – Al-Harithiya District	Contractors Integrated Co.	Al-Harithiya, Basra	2020	Constr.	\$9,441,795	DONE
Sewage & Rainwater Network Works – Al-Harithiya District	Contractors Integrated Co.	Al-Harithiya, Basra	2019	Constr.	\$8,124,000	DONE
Electrical Connection EPCC Works	Future Will Gen. Contracting	Iraq	2017	EPCC	\$2,315,000	DONE

\$105M+

TOTAL CONTRACT
VALUE

From gathering trunklines at West Qurna 2 to the \$19.7M flare header at Badra CPF – delivered for LUKOIL Mid-East, PETRONAS Carigali, Gazprom Neft Badra, EBS Petroleum, Daqing PAB and Zhongman Babylon Oil & Gas.

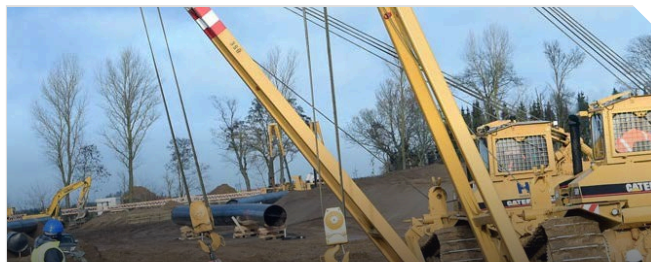

Featured Projects

GAZPROM NEFT BADRA B.V. • 2022

New Tank Flare Header (Phase-I) — Badra CPF

EPCC inside an active processing facility — our largest contract to date • \$19.7M

LUKOIL MID-EAST • 2020

Gathering Trunklines — West Qurna Phase 2

EPC of oil gathering trunklines with tie-ins to live facilities • \$14.5M

PETRONAS CARIGALI • 2021

Well Tie-Ins & Construction Services — Phase IV

Brownfield EPCIC in the Garraf oil field under the PETRONAS HSE system • \$13.0M

NOOR BAGHDAD • 2022

GPP Interconnection Trunklines — Halfaya

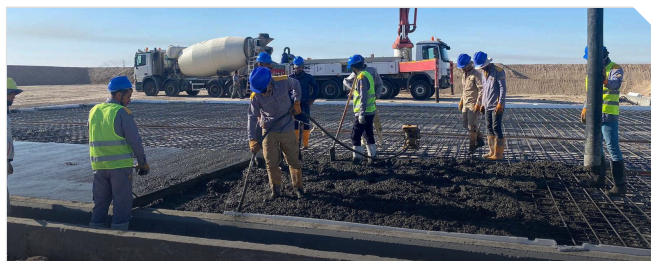

Six trunklines (24"–4", ≈54 km) between CPF1, GPP and HPS, with HDD crossings • \$6.7M

EMAAR DURRAT AL-KHALIJ • 2023

Buzurgan Pipeline EPCC — 57 km 18" Gas Trunkline

Turnkey EPCC with 2.7 km HDD, 4 valve stations, CP and 57 km FOC • \$9.2M — ongoing

FUTURE WILL • 2022

Well Pads Construction for New Production Wells

Site preparation, platforms, access roads and installation support • \$4.0M

ISO Certifications

Our management systems are independently audited and certified across quality, environment, occupational health & safety and risk – with quality control practices certified by **Bureau Veritas** on project work.

Certified scope: general contracting and EPCC for oil and gas – pipelines, storage tanks, water treatment plants, pump stations and power plants – alongside civil works, hot tapping, NDT inspection, logistics, transportation, chemical supply, drilling fluids and general trading.

//TRUSTED BY Our Clients

LUKOIL Mid-East Limited	PETRONAS Carigali Iraq Holding B.V.	Gazprom Neft Badra B.V.
EBS Petroleum Company Limited	Daqing Petroleum Admin. Bureau – Iraq	Zhongman Babylon Oil & Gas DMCC
EMAAR Durrat Al-Khalij (Raban Al-Safina)	Noor Baghdad Contracting & Logistics	Contractors Integrated Co.
